Open Judging Award Recognition

To reward skilled modelers, Wings & Wheels uses the 'Open' System to judge certain Classes. The number or value of awards will vary, based on the models entered, and will support the goal that no deserving work should go unrecognized. Each exhibit is judged on its own merits, not against other exhibits in a Class. Please visit www.wvmodelclub.org for more info regarding our judging process.

General Rules

1. Entries must be substantially built and/or painted by the entrant.
2. Entries must be made in person between 9am and 12 noon on the day of the Show. Proxy entries may be allowed at the Head Judge's discretion.
3. Models that have won an award at a previous ValleyCon event are not eligible for this competition.
4. Entrants are limited to **THREE (3) MODELS PER CLASS**, which **MUST BE DISPLAYED TOGETHER**, to allow us to judge your models in the fairest and most efficient manner possible.
5. Junior modelers, aged 16 and younger, MAY elect to place their model(s) in a competitive Class, to be judged accordingly
6. WE STRONGLY URGE ENTRANTS TO PLACE THEIR MODELS ON A 'BASE', TO MINIMIZE THE HANDLING, DURING JUDGING, OF THE MODEL ITSELF. We don't want to touch your model, but we need to assess your work. Please help us to keep your model safe!.
7. While the Judges will make every reasonable effort to avoid touching your model(s), a fair assessment of your work includes the ability to view your entry(s) from all sides. It is MUCH easier and safer to be able to turn a base to view all aspects of the model, than to have to turn the model itself. Please keep this in mind as you plan your presentations on our tables - thank you!
8. PLEASE DO NOT place your model on top of the Table Form - we don't want to have to touch your model to get at your info!
9. We reserve the right to disqualify any model whose Table Form does NOT contain legible Entrant's **NAME** or **MODEL ID** data.
10. We reserve the right to remove from competition or display any model deemed offensive or inappropriate, the Head Judge's decision being final.
11. No 'sweeps'; only one place award, per entrant, per Class.
12. If there are fewer than three (3) entrants in an IPMS-judged Class, we reserve the right to choose the appropriate award for the work entered.
13. Judging is based on the modeler's demonstration of Basic Modeling Skills, and where appropriate, reasonable historical or factual accuracy.
14. If your model is of a subject not generally known, or requires special knowledge to aid in appreciating your entry, please provide suitable documentation referred to as a 'brag book') with your entry to assist the Judges with their assessment.
15. We reserve the right to add, split, combine, or delete Classes, as necessary, to ensure a fair and manageable competition.
16. Models in cases may be entered; if they are to be judged, the modeler must be willing to remove the case or covering, if requested by the Judges.
17. **Fair Warning:** Entrants who elect to remove their models from the tables **prior to 3:30pm** (or such other time as the Head Judge decides) risk having their models NOT judged for certain awards, or photographed for our website.
18. Awards **MUST** be claimed at the Show. We cannot mail awards.
19. Wings & Wheels is not responsible for damaged models coming to, at, or going from the event.
20. The decisions of the Judges are final.
