* Open Judging Award Recognition

In an attempt to further recognize good modelers and encourage promising ones, WINGS & WHEELS will use an "Open" system to judge entries in the classes noted on the left. The Open System does not represent First, Second, Third Place recognition, therefore the number and level of awards will vary and support the goal that no deserving exhibit will go unrewarded. In an Open System Competition, an exhibit (1 or multiple entries from a single competitor) is judged on its own merit of workmanship and modeling skill, not against other exhibits in the class. 3 Judges as a group will decide which entry within the modeler's exhibit is the best piece. Independently the 3 Judges will now score this single entry on a scale of 0 to 4, for a maximum score of 12. 11-12 points will receive a Gold Medal, 8-10 a Silver, 5-7 a Bronze and 1-4 Certificate of Achievement. Please see www.wmodelclub.org for a much more detailed description of Open System Competition.

General rules:

1. Each entry must be substantially built and/or painted by the entrant. (Die casts, pre-painted and promotional models will not be considered in judging.)
2. In addition to the requirements stated in the category description, awards are based on the modeler's demonstration of basic modeling skills and, where appropriate, reasonable historical or factual accuracy. If your model is of a subject or version not generally known, or requires special knowledge to evaluate, please provide with your entry suitable documentation to assist in judging.
3. CAUTION: Contestants who remove their models from the contest tables before 3:30 pm risk not having their models judged for certain awards or photographed for our website. If your travel plans require early departure, please inform the head judge no later than 1 pm, and we will attempt to accommodate you.
4. The Club reserves the right to remove from display or from competition entries which the Club deems offensive as determined by the Head Judge, President and/or Class Judge. In the event a model is removed from competition, the entry fee for that model will be refunded.
5. Each model, collection or diorama requires a separate \$2.00 entry fee. The first three Intermediate (age 13-16) or Junior entries (12 and under) are free with a \$2.00 entry fee for the fourth and subsequent models.
6. Entries must be made in person or by proxy between 9:00 am and noon on the day of the contest.
7. No sweeps: only one place award per person per class. In the event there are fewer than 3 entrants, multiple awards may be given out. Special awards are not considered part of a sweep.
8. Unless asked not to, judges may examine models from any reasonable angle.
9. To facilitate judging, models in display cases will not be allowed without permission of the Head Judge.
10. Entries may be displayed with nameplates, spec. sheets, etc., but the modeler's name should not appear on the display.
11. Models which have won any place award at a previous WINGS & WHEELS contest are not eligible for competition. Adequate non-competitive display space is available.
12. The Club may add, split, combine or delete classes, as necessary for fair competition. These decisions will be made only after registration has closed.
13. The Club will not be responsible for lost or damaged models, at, coming to or going from the event.
14. Award winners must be present or have a designated person available to accept awards. Due to the high cost of mailing, no trophies will be mailed to winners without a prepaid, non-refundable fee of \$5.00.
15. Decisions of the judges are final.
